## Full circle

Karen with Brenden Yarian in 1998.

**In retirement, Karen Tyner plans to serve Turnstone in the same role that brought her to the agency more than three decades past.**

Of all the hats Karen Tyner has worn for Turnstone, there's one—being a volunteer—that she refuses to hang up during her recently begun retirement.

Over the years—32 of them—Karen's titles have included director of children's services and parent outreach/volunteer coordinator. But those titles don't begin to describe the positive impact she's had on the lives of thousands of people with disabilities.

As a parent of a child with cerebral palsy, Karen has provided an empathetic ear to other parents of children with disabilities. She's conducted orientations and intakes when parents enroll their children at the Kimbrough Early Learning Center. She's coordinated parent conferences and served as a parent advocate. She's been co-leader of the agency's parent support group. Karen even represented Turnstone

## POINTS OF PRIDE

It's this time of year when we look back and reflect on our accomplishments, and there have been quite a few—despite having to tighten our belts along with everyone else during this ongoing economic downturn.

- We finished the year in a financially healthy position. Contributions and revenue from special events increased slightly. Revenue generated from programs also increased, and our staff closely monitored expenses. In addition, we were the recipient of a bequest that augmented the agency's reserve fund.
- Because of our stable financial position, we're reinstating employee salary increases and other benefits that were suspended two years ago.
- Our Health and Wellness Center provided a five-month training program to prepare 17 members for Fort-4-Fitness. Those members and 45 others made up "Team Turnstone" and raised more than \$11,200 in donations for our agency.
- We received a three-year federal grant to expand our Sports and Recreation Program and to provide additional inclusive activities.

*Nancy*

Yes, we're proud of our accomplishments, and you should be, too. It's only through your continued generosity that we're able to grow and improve. And now that we've looked back with pride, it's time to look forward with great optimism.

during a six-year term on the Governor's Interagency Coordinating Council on Infants and Toddlers.

Karen has also been an outstanding advocate. She's shared the Turnstone story with a variety of educational, religious, and civic organizations. She's led countless tours of the agency, and presented disability-awareness programs. And Karen has recruited and supervised the agency's volunteers.

But before all of that, Karen herself was a volunteer. She began helping out in 1974 when the agency was called the Allen County Society for Crippled Children. Her son Jeffrey was a preschool student there. Karen soon proved herself invaluable as an enthusiastic, talented, and dependable volunteer.

In 1978, then-Executive Director Percy Talati was looking for a new director of children's services. Karen quickly came to mind, and Percy didn't have to ask her twice; she jumped at the opportunity, and served in that capacity for 30 years.

Of course, Karen was there when the agency moved from a house on Fairfield Avenue to its state-of-the-art facilities on Clinton Street.

"It amazes me when I think about how we started and where we are now," Karen says. "We had a staff of six serving about 12 children. Turnstone now has a staff of more than 60 professionals and a cadre of dedicated volunteers serving thousands of children and adults every year. And over the years, we've continued to add facilities and programs. Everything has grown—sports and recreation, childcare, aquatics, health and fitness—I could go on and on.

"It's been very exciting and a real privilege to witness and be a part of all that positive change and growth, and to see the greater community step forward to help people with disabilities.

"One my favorite roles was education," Karen adds. "I especially liked talking to school children about disability awareness. Many of them sent thank-you cards, saying they had no idea there was a place like Turnstone. And I enjoyed working with families during the bad times and the good times."

Turnstone Executive Director Nancy Louraine says the agency will miss Karen's can-do attitude and tireless efforts. "When I joined Turnstone, it didn't take me long to see that Karen was dedicated, compassionate, and very capable," Nancy says. "Karen has been at the heart of everything we've accomplished over the years. We'll never be able to replace her; all we can do is continue to work as hard as she did."

Nancy has already given Karen a big volunteer project: sorting through boxes of photos of clients, family members, and staff taken over the years. The goal is to identify the people and present a history of the agency in pictures.

"I was at Turnstone for so long—if anyone can identify all those faces, it's me," Karen says. ■

## News to Note

### Beth Moody promoted

Beth Moody has been promoted to human resources coordinator and will now be the agency's point person for individuals and groups interested in volunteering at Turnstone. If you want to share your time or talent, contact Beth at (260) 483-2100 or [beth@turnstone.org](mailto:beth@turnstone.org).

### Wheelchair basketball demo

The Turnstone Flyers and Turnstone Bandits will demonstrate their wheelchair basketball skills during halftime of the Fort Wayne Mad Ants game on Tuesday, February 22. The game starts at 7 p.m. at the Memorial Coliseum. Come out and help support Turnstone and our local NBA D-League team!

## Ticket #21117 is a winner!

On Thursday, October 14, Francis Ray Anderson of LaCrosse, Louisiana, learned he was the winner of a classic '61 Corvette in Turnstone's Seventh Annual Corvette Raffle. Proceeds from the raffle totaled more than \$143,000. The dollars raised will support the vital therapies, programs, and services Turnstone provides to children and adults with disabilities. Thank you to FUN 101.7 WLDE, Indiana Michigan Power, The Nichols Company, and Steel Dynamics, sponsors of our 2010 raffle. Also, many thanks to the volunteers, board members, and the many individuals who purchased raffle tickets. Look for more information on our Eighth Annual Classic Corvette Raffle this spring!

## Donor profile: Pizza Hut

Pizza Hut of Fort Wayne and Turnstone share a history that dates back more than 30 years.

Dick Freeland, president and owner of Pizza Hut of Fort Wayne, played in the first Turnstone golf outing at Brookwood Golf Course in 1980. Dick's wife, Deanna, later traveled with former Turnstone Executive Director Percy Talati to observe his in-home therapy visits.

Those experiences, as well as future ties that would develop between Turnstone and the Freeland family, inspired the Freelands to continue to provide both their personal and corporate support.

Deanna joined the Turnstone board of directors in the early 1980s. Pizza Hut has since continued its representation on the board. Executive assistant Kathy Cass is a current member, while company executives Todd Freeland (Dick and Deanna's son) and Dave Bobilya have served in the past.

Dave recounts a trip he took with Percy as he performed in-home therapy: "It was an amazing experience. We traveled from wealthy neighborhoods to homes in the inner city. The wide scope of people touched by the agency and the equal compassion and concern each family received was very touching."

In the late 1980s Dick's father, the Rev. Fred Freeland, began to receive therapy services to treat Parkinson's disease through Turnstone. In gratitude of Pizza Hut's charitable support of its 1995 capital campaign, a plaque was placed in the center's foyer in honor and memory of the Rev. Freeland. The plaque reads, "A kind and gentle man whose humor, compassion and wisdom inspired all."

Over the years, Pizza Hut of Fort Wayne—46 restaurants in this area—has provided Turnstone with gifts of food products, sponsored events, contributed to capital campaigns, adopted Turnstone families over the holidays, and more. The company has even allowed the agency to hold the photo shoot for its annual holiday card at Pizza Hut's beautiful corporate office.

Since 1995, Pizza of Fort Wayne has also held its "Annual Turnstone Buffet Night." This event alone has raised more than \$40,000.

In 2000, Turnstone's first Board of Directors Gala was held at the Freeland's new home. The event raised more than \$100,000, making it Turnstone's largest fundraiser. Pizza Hut continues to sponsor the gala, and remains the agency's most significant fundraiser. ■

## Thanks and hats off to:

- **Better Fort Charitable Organization** for hosting an Italian dinner fundraiser for Turnstone on September 17 at the Woodland Lounge.
- **Culver's on Dupont Road** for hosting a Turnstone Day on October 20. Ten percent of sales for the entire day was donated to Turnstone in support of the agency's programs and services.
- **Howard P. Arnold Foundation and the Jim and Sandi Shank Scholarship Fund** for supporting the agency's Kimbrough Early Learning Center.
- **Journal Gazette Foundation, Garson and Rosemary Noecker Family Foundation, NB Knapke Company, 80/20 Foundation, Edward D. & Lone Auer Foundation, Mabel I. Sledsd Foundation, and the English Bonter Mitchell Foundation** for supporting Turnstone's therapeutic programs and services.
- **Fort Wayne Sertoma Club** for its continued support of Turnstone's speech therapy program.
- **The Clinton E. Newman Foundation** for its ongoing support of the agency's operations and sports and recreation program.
- **Wessler Engineering, Harrison College, and the Turnstone staff** for adopting a Turnstone project for the 2010 United Way Day of Caring.
- **Weaver Popcorn Foundation** for its support of Turnstone's power soccer athletes and their families.
- **The Knights of Our Lady Council 12417** for selecting Turnstone to benefit from their annual Toolsie Roll Drive.
- **Fort Wayne Parks and Recreation, Earth Adventures, Summit City BassMasters, Fort Wayne Archery, and the Naval Cadets** for hosting the Heroes and Athletes event on September 11.

### 30th Annual Golf Outing

Last year, we said the weather couldn't have been better. Well, we were wrong! This year, September 9 was an absolutely gorgeous day for our 30th Annual Golf Outing at Autumn Ridge Golf Club. Twenty-three teams participated, helping to raise more than \$49,000 in support of Turnstone's therapeutic programs and services, provided to children and adults with physical disabilities on a sliding fee scale. Many thanks to Classic Café and Club Soda for once again joining us and cooking up a delicious lunch and decadent array of appetizers. We also thank the event sponsors, auction donors, players, golf committee, and volunteers for making this year's outing a success. For a list of sponsors, please see page 11 of the Annual Report.

Members of Team Turnstone post race.

Turnstone's mission is to "enhance the lives of children and adults with physical disabilities." During the 2009–10 fiscal year, 2,086 children and adults with disabilities benefited from the agency's therapeutic programs and services. The following is a brief description of Turnstone's programs and services and the outcomes achieved.

#### KIMBROUGH EARLY LEARNING CENTER

Turnstone's Kimbrough Early Learning Center (KELC) is home to the agency's longstanding preschool program, as well as its childcare and before- and after-school care programs. Each program is inclusive, incorporates the High/Scope curriculum, and provides a safe, accessible child-centered environment.

#### FACTS & FIGURES

- 6,714 hours of preschool provided for 71 children.
- 12,126 hours of child care provided for 34 children.
- 100 percent of families reported that their children are better prepared for kindergarten as a result of attending the KELC.

#### CASE MANAGEMENT

Turnstone's licensed social workers are the first point of contact for people interested in receiving services, providing referral and support to individuals with disabilities and their families. Social workers go above and beyond in assisting families, helping them access agency services and other community resources to achieve a greater level of self-sufficiency.

#### FACTS & FIGURES

- 4,767 hours of case management provided for 1,236 families.
- 484 calls regarding programs and services fielded by social workers.
- 93 percent of families are satisfied with the referral services provided by their case manager.
- 98 percent of families report their situation has improved or is getting better through the help and services they have received.

#### THERAPEUTIC SERVICES

Turnstone provides speech, physical, occupational, and aquatic therapy services to children and adults of all ages on a sliding fee scale based on income. No one is turned away because of an inability to pay. Turnstone therapists use a multidisciplinary approach and work with one another, as well as with other program staff, when creating an individual plan of care for their clients. While the therapy discipline may differ, the ultimate goal remains the same—helping children and adults with disabilities achieve their greatest potential and independence.

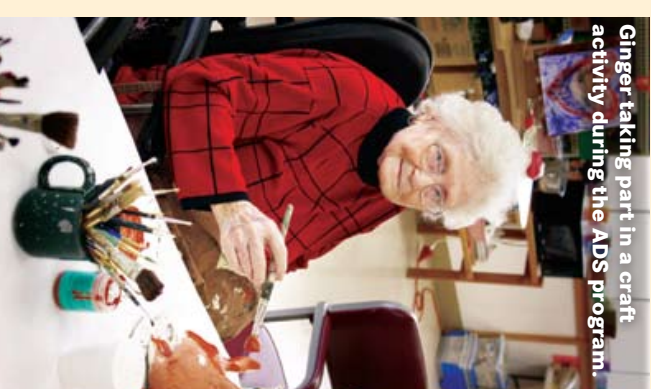

#### FACTS & FIGURES

- 12,462 hours of therapy services provided for 538 children; 2,482 hours of therapy services provided for 209 adults.
- 92 percent of children exhibited progress in obtaining 70 percent of their short-term goals; 77 percent exhibited progress on 100 percent of their goals.
- 88 percent of adults met or progressed toward at least 70 percent of their therapy goals.

#### Ginger taking part in a craft activity during the ADS program.

#### ADULT DAY SERVICES

Offered on a sliding fee scale, Turnstone's Adult Day Services (ADS) is the only program in the region that focuses specifically on the unique needs of adults with physical disabilities. The program is accredited by the Commission on Accreditation of Rehabilitation Facilities and is committed to quality and service. ADS activities are designed to increase independence and socialization, while offering respite for the family. Regular activities include Wii sports, adaptive cooking, crafts, music therapy, and more.

#### FACTS & FIGURES

- 28,361 hours of ADS provided for 127 adults with physical disabilities.
- 97 percent of ADS participants are very satisfied or satisfied with the program.
- 100 percent of adults showed progress in obtaining their individual goals and/or learned new skills.

# What we do

# What we do

## TRANSPORTATION & MOBILITY

In 2006, Turnstone leased its lift-equipped vans to the Community Transportation Network (CTN). Since then, CTN has provided transportation to and from Turnstone to those clients receiving therapy or taking part in Adult Day Services. Turnstone's partnership with CTN has resulted in dependable, safe, and customer-oriented travel for our clients. Turnstone subsidizes transportation fees for those unable to pay for the service.

## RESIDENTIAL RAMP BUILDING

For more than two decades, Turnstone has helped increase accessibility for Allen County residents through a residential ramp building service. Each year, community volunteers dedicate countless hours to design, plan, and construct wooden ramps to restore the independence of people with physical disabilities.

## EQUIPMENT LOAN

Turnstone accepts and lends gently used equipment to individuals who don't have the financial means to purchase the equipment themselves. There is no fee to borrow equipment, and when it is no longer needed, it can be returned to Turnstone so that someone else in need may borrow it. Equipment available includes walkers, wheelchairs, crutches, portable commodes, shower seats, and more.

## FACTS & FIGURES

- 42 residential ramps constructed by community volunteers.
- 265 pieces of adaptive equipment loaned to 207 families.
- 6,530 one-way trips subsidized on behalf of 77 individuals.

Shane, member of the Turnstone Bandits.

## HEALTH & WELLNESS CENTER & WARM WATER THERAPY POOL

Offering land- and water-based therapies and fitness programs, Turnstone's warm-water therapy pool and health and wellness center complement Turnstone's therapeutic services. Turnstone's warm-water therapy pool is equipped with a hydraulic lift and is accessible to people who use wheelchairs. The 90-degree water also offers a therapeutic environment that relaxes the body and increases blood flow to reduce swelling. The land health and wellness program is complete with 27 pieces of adaptive strength-training and exercise equipment.

## FACTS & FIGURES

- 78 children received 737 hours of health and wellness or aquatic programming.
- 404 adults recorded 15,049 hours of health and wellness or aquatic programming.
- 94 percent of members at the health and wellness center report increased strength, flexibility, and overall health and fitness.
