

Why Choose Turnstone?

Turnstone's Kimbrough Early Learning Center is home the agency's preschool, childcare and before and after school care program.

Upon entering the Early Learning Center, parents and children will pass under giant building blocks and they will be greeted by whimsically painted walls.

The Early Learning Center offers parents a safe, accessible and nurturing environment for their child. The center is designed for children of all abilities to learn and grow together - physically, emotionally and socially.

The interaction between the children is beneficial to the typically-developing children who learn leadership skills and the importance of treating every person with kindness and respect, while the children with special needs learn about how to interact and be confident among their peers.
